Product 1 Proposal
Costume Design

Artifact #1: Google spreadsheet breakdown

- Google sheets outlining all of the characters and their costumes
 - Slots for what we need to buy
 - Slots for what people are bringing from home
 - Multiple options for each character

Artifact #2: Costume photos

- sketches/images of what we wanted for each character (with descriptions)
- Photos of clothes picked out from the loft (with descriptions)
- Photos of organizing the loft and how we found those costumes (with descriptions)

Artifact #3

- Photos of characters trying on clothes (with descriptions)
- A Google doc of pics (costumes) that we liked and which ones we didn't (with descriptions)
- Sketches/images of what we still need (with descriptions)

Artifact #4: Costume Research

- A Google doc with period inspo (including photos and text)
- Collaboration with Bella the dramaturg on how appropriate the costumes are for the piece.
